Korlok

Korlok

Korlok is a rigid core flooring product, and as such, is an ideal alternative to laminate and engineered hardwood click floors. Offering quick and easy installation and hiding subfloor imperfections, it also has the durable and waterproof qualities of luxury vinyl.

With 12 new authentic wood designs inspired by European and North American woods, Korlok can reduce noise transfer to rooms below up to 19dB, without the need for separate underlay. Ideal for a busy playroom, home office, bedroom or loft conversion.

Korlok can be installed over most existing hard surface floors or uneven subfloors without the worry of exposing any imperfections underfoot, thanks to its innovative K-Core technology. It also features a superior 5G vertical click-locking mechanism and pre-attached acoustic foam backing for quick and easy installation.

The familiar click-locking system and enhanced core technology means homeowners can achieve an authentic and luxurious Karndean floor in any space with minimal subfloor preparation, meaning less upheaval and disruption to everyday life.

Why Karndean?

All the benefits of Karndean Designflooring...

Lifetime guarantee

Every Karndean floor is guaranteed to last for years to come.

Durable

Compared to other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

Low maintenance

We use K-Guard+ technology to ensure that there is no need to apply an additional surface treatment following installation.

Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

Child friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

Karndean
Designflooring

Waterproof

Karndean's waterproof floors stand up to spills of all sizes.

Compatible with underfloor heating

Up to 27°C.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. Additional cushioning in the backing helps make the product more comfortable underfoot.

Realistic designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

Why Korlok?

Korlok's unique benefits...

Installs over existing hard floors

Korlok can be installed over most existing hard floor coverings.

Acoustic qualities

Reduces noise transfer to rooms below, making it perfect for upstairs bedrooms, playrooms or attic/loft conversions, as well as apartments or office blocks.

Extra large planks

At 1420mm x 225mm (56" x 9"), Korlok makes a big impact, but is suitable for both large and small spaces.

Quick and easy to install

Quick and easy to install with a 5G vertical click locking system.

Phthalate free

We pride ourselves on environmental awareness in the manufacture and supply of all our products and can proudly say that all Karndean products are phthalate free.

Korlok's Premium Construction

Installs over
existing hard floors
and hides subfloor
imperfections

Where we sourced our inspiration for Korlok...

Butternut

Often referred to as white walnut, the original butternut planks were sourced from the eastern parts of the United States. Real butternut is even softer than walnut, making it highly impractical when it comes to flooring, but with Korlok you have the beauty of the real wood in a highly durable format.

French Oak

Sourced from French oak flooring dating back to the 17th Century, hundreds of years of wear have resulted in a worn and rustic design full of character and personality. The natural beauty of the floor was so striking that we decided to keep our design as close to the original as possible.

English Oak

The striking planks of English Character Oak are full of intricate grain detail and charm. The original long, very wide planks were hand selected from nature grade boards with the intention of mixing grains to provide additional character.

Swiss Pine

Inspired by 400-year-old reclaimed planks, each plank was hand selected to create a final design that mixes traditional Swiss pine features and aged, weathered wood. Each reclaimed board was hand sanded to reveal hidden features, and a white lye soap then carefully applied to create this unmistakable look.

Texas Ash

Ash boards are dominated by an attractive straight grain with just the occasional hint of a flowery grain. In its natural format, the wood is a consistent, neutral colour due to the tree's growth in limestone soil types with very little rainfall.

American Walnut

Sourced from eastern North America, the inspiration woods are full of mixed character, with colours ranging from dark chocolate brown through to a purple-black. Blending the design to highlight their fascinating characteristics helped to create a wonderful dark, moody appearance.

Canadian Oak

These nature grade planks feature a straight grain detail which is then blended with a small amount of character grade wood to produce a clean, neutral floor design.

Baltic Oak

The distinctive markings of the Baltic Oaks were achieved by mixing grades, from ultra-prime to nature grade boards. The original planks were machine brushed to create a unique open grain and coloured oils were hand applied to create a limed effect.

Waterproof

Unlike laminate and wood flooring, Korlok is completely waterproof making it a great choice for bathrooms.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. We hate to disappoint, and will always try to work with you to find an alternative design that you love just as much.
